

Mass Vaccination Clinics:

A Reality Check, A Satellite Broadcast

Thursday, March 18, 2004, 9:00- 10:30 a.m.

-
- For Continuing Education information please visit: www.phppo.cdc.gov/phtnonline
 - For questions after today's broadcast please e-mail: info@cdlhn.com
 - To view the archived Webcast for continuing education credits until April 19, 2004, please visit <http://www.cdlhn.com/mvc.info>
 - Course number SB0146 & Webcast number WC0046.
-

Today all state and local health departments are increasing with their competency and capacity to provide mass vaccination services in an emergency. The California Department of Health Services and the Centers for Disease Control have invited a panel of experts and local health department staff to discuss real life experiences with planning and mass clinic exercises. We will have a 15 minute Q & A segment at the end of the broadcast. Call us with your questions anytime during the broadcast: **Phone 1-800 721-4185 & Fax 1-800-432-5727.**

- OBJECTIVES:**
1. Discuss the importance of disaster preparedness.
 2. Review public health's responsibility in mass vaccinations.
 3. Share resources and promote planning tools.
 4. Identify key lessons learned from vaccination day exercises.
-

HISTORICAL

- History of epidemics, vaccines and vaccination campaigns.

Notes:

NATIONAL AND STATE PERSPECTIVE

- Pascale Wortley, MD, MPH (Medical Officer, Centers for Disease Control, National Immunization Program)
- Howard Backer, MD, MPH (Acting Chief, Immunization Branch, California Dept. of Health Services)

Topics covered:

- Define mass interventions and role public health in mass administration.
- Identify federal, state and local responsibilities.
- Reinforce steps to take.

Notes:

SAN DIEGO EXERCISE

- Sandy Ross, BSN (Immunization Program Manager, County of San Diego Health & Human Services Agency)
- Steve Wood (Chief, Emergency Preparedness & Disaster Medical Response, County of San Diego Health & Human Services Agency)

Topics covered:

- Intricacies and details of exercise.
- Unique aspects to this exercise.
- Key lessons learned and steps to take next time.

Notes:

SAN FRANCISCO EXERCISE

<ul style="list-style-type: none">• Amy Pine, MPH (Immunization Program Manager, San Francisco Department of Public Health)	<u>Topics covered:</u> <ul style="list-style-type: none">• Unique aspects to this exercise.• Key lessons learned and steps to take next time.
<i>Notes:</i>	

SACRAMENTO EXERCISE

<ul style="list-style-type: none">• Sally Shaw, RN, PHN (Immunization Coordinator, Sacramento County, Immunization Program)	<u>Topics covered:</u> <ul style="list-style-type: none">• Unique aspects to this exercise i.e. drive through clinic, not a bio-terrorism drill.• Key lessons learned.
<i>Notes:</i>	

MASS COMMUNICATION AND RISK COMMUNICATION

<ul style="list-style-type: none">• Amy Pine, MPH (Immunization Program Manager, San Francisco Department of Public Health)• Sandy Ross, BSN (Immunization Program Manager, County of San Diego Health & Human Services Agency)• Sally Shaw, RN, PHN (Immunization Coordinator, Sacramento County, Immunization Program)• Leslie Ridgeway (Media Specialist, County of San Diego, Health & Human Services Agency)	<u>Topics covered:</u> <ul style="list-style-type: none">• Specific challenges in communicating.• Tips for promotion to communities with special needs.• Basic risk communication tips.
<i>Notes:</i>	

MENTAL HEALTH AND STAFF SUPPORT

<ul style="list-style-type: none">• Diane Myers, RN, PHN, MSN (Consultant and Trainer, Disaster Mental Health)	<u>Topics covered:</u> <ul style="list-style-type: none">• Identifying staff's mental health needs.• Planning for mental health needs.• Resources.
<i>Notes:</i>	

PLANNING RESOURCES AND TOOLS

<ul style="list-style-type: none">• Amy Pine, MPH (Immunization Program Manager, San Francisco Department of Public Health)• Gregory Smith (Director, Partnership Management, American National Red Cross)• Christian Sandrock, MD (Assistant Professor, Division of Pulmonary & Critical Care Medicine, University of California, Davis, Medical Center)	<ul style="list-style-type: none">• Linda Quick, MD, MPH (Medical Officer, Office of Preparedness and Emergency Response, Centers for Disease Control - National Immunization Program) <u>Topics covered:</u> <ul style="list-style-type: none">• GIS and other technical tools.• Pre-event and post event planning issues.• Need for inter-agency collaboration.• Surge capacity.
<i>Notes:</i>	

LIVE QUESTION & ANSWER

- Howard Backer, MD, MPH (Acting Chief, Immunization Branch, California Dept. of Health Services)
- Amy Pine, MPH (Immunization Program Manager, San Francisco Department of Public Health)
- Gregory Smith (Director, Partnership Management, American National Red Cross)
- Christian Sandrock, MD (Assistant Professor, Division of Pulmonary & Critical Care Medicine, University)
- Pascale Wortley, MD, MPH (Medical Officer, Centers for Disease Control, National Immunization Program)
